Screenshots (Of all features):

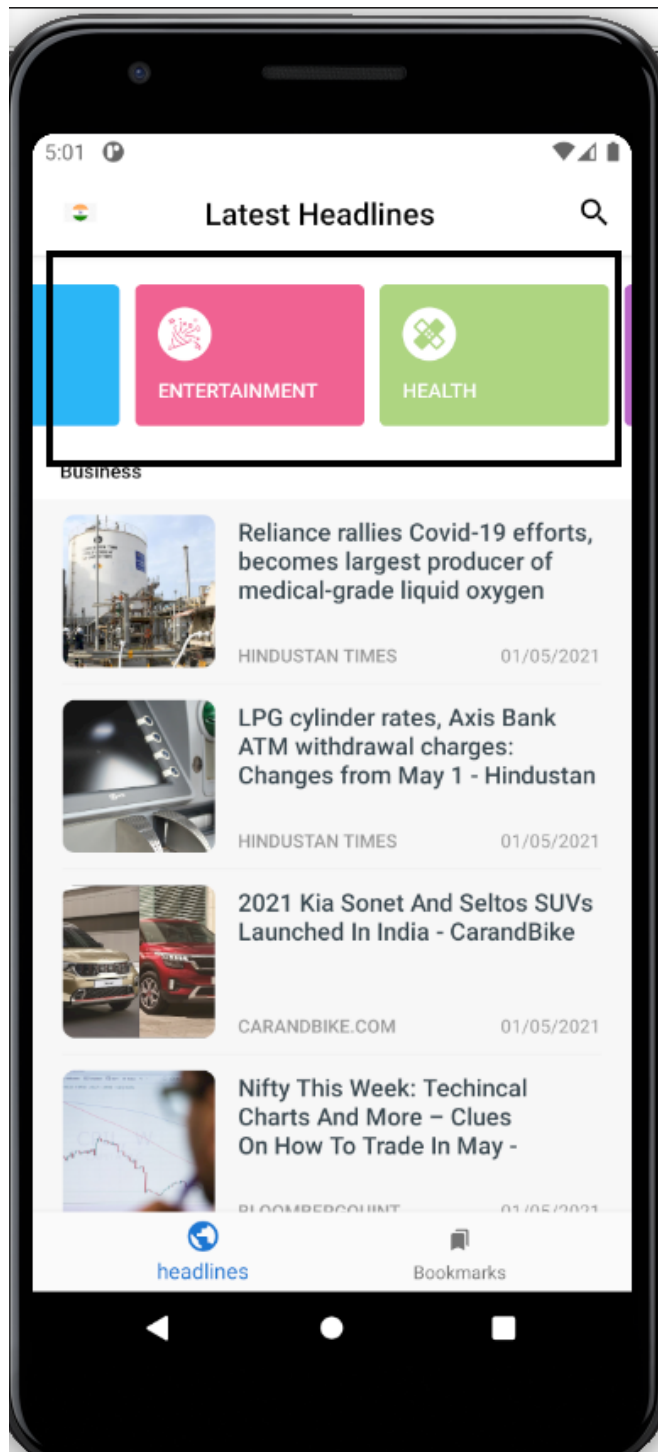

Start:

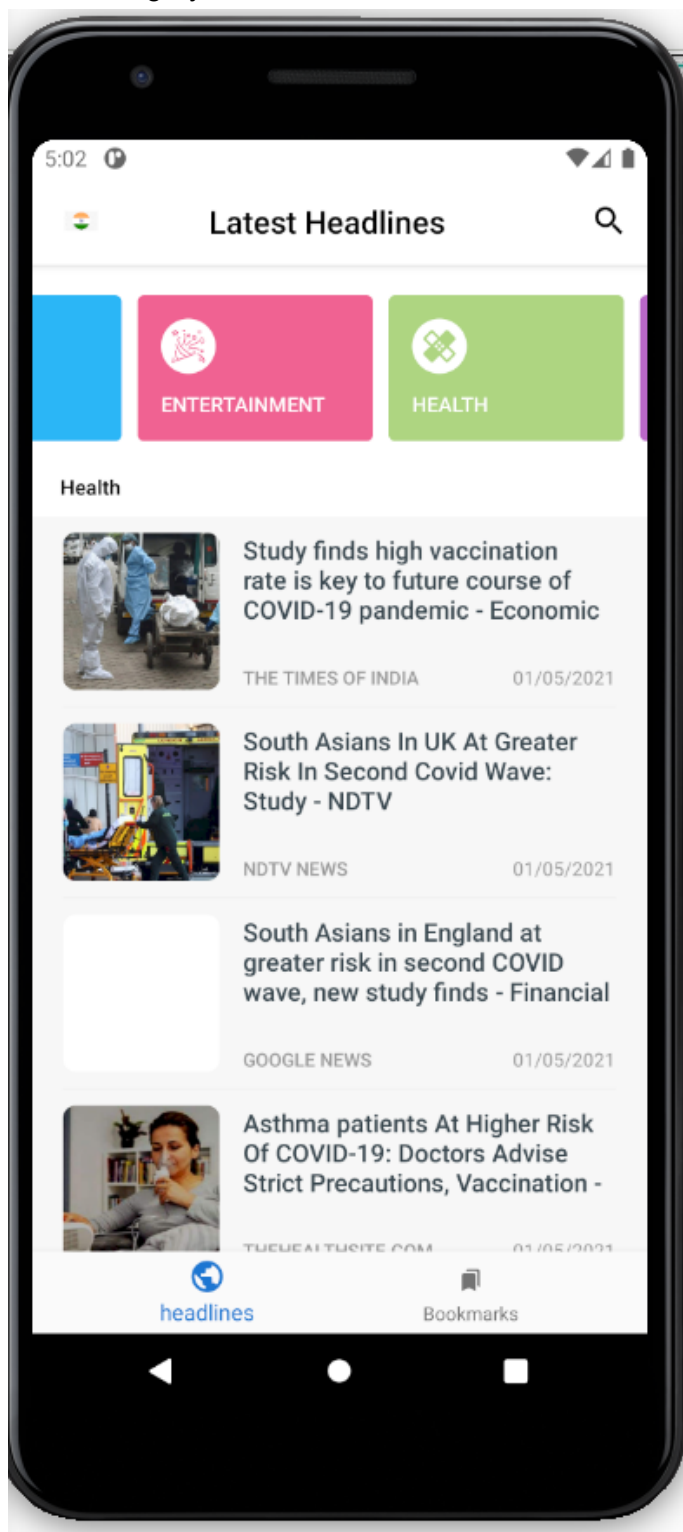

There's an option to select a country on the top left corner, and then it will show the headlines relevant to that country.

Here there's a slider that helps to filter headlines based on category like sports, Business etc

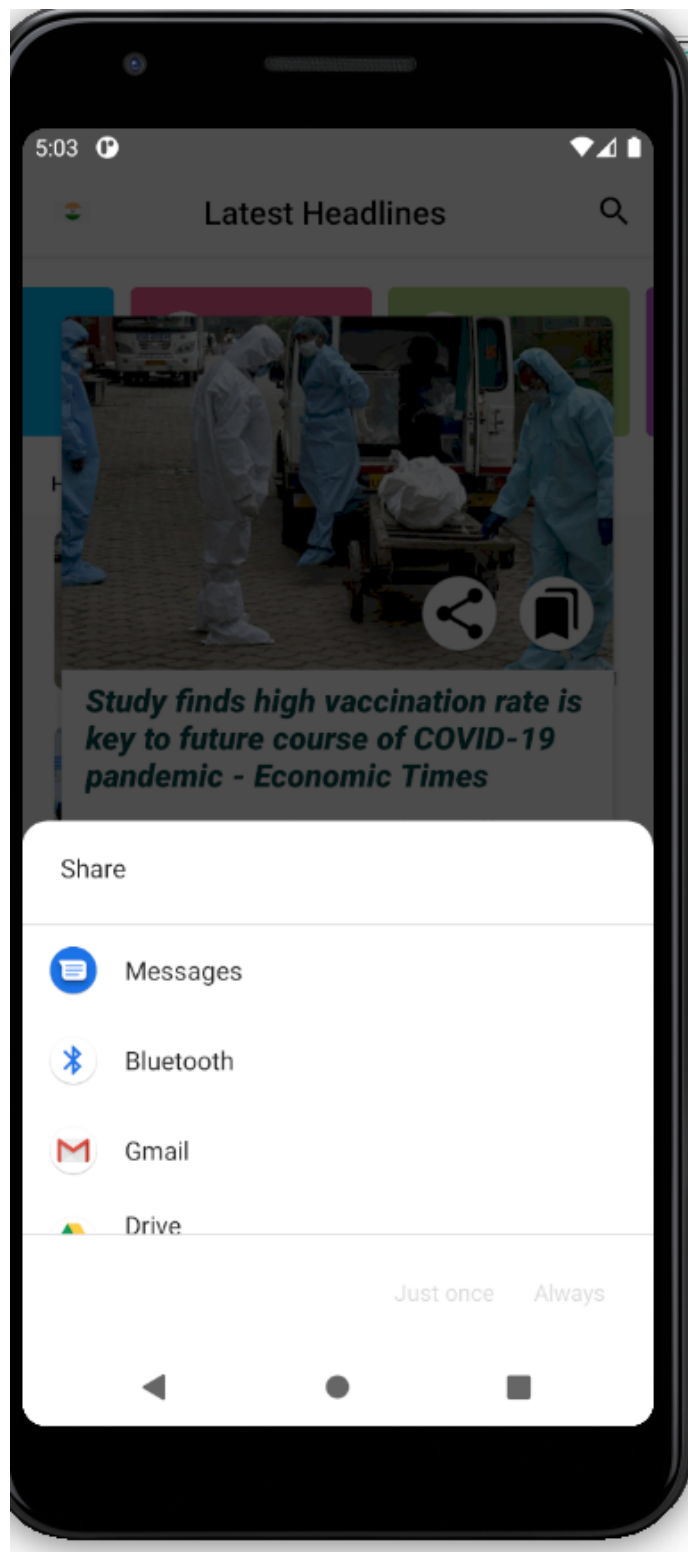

If I select the Health category:

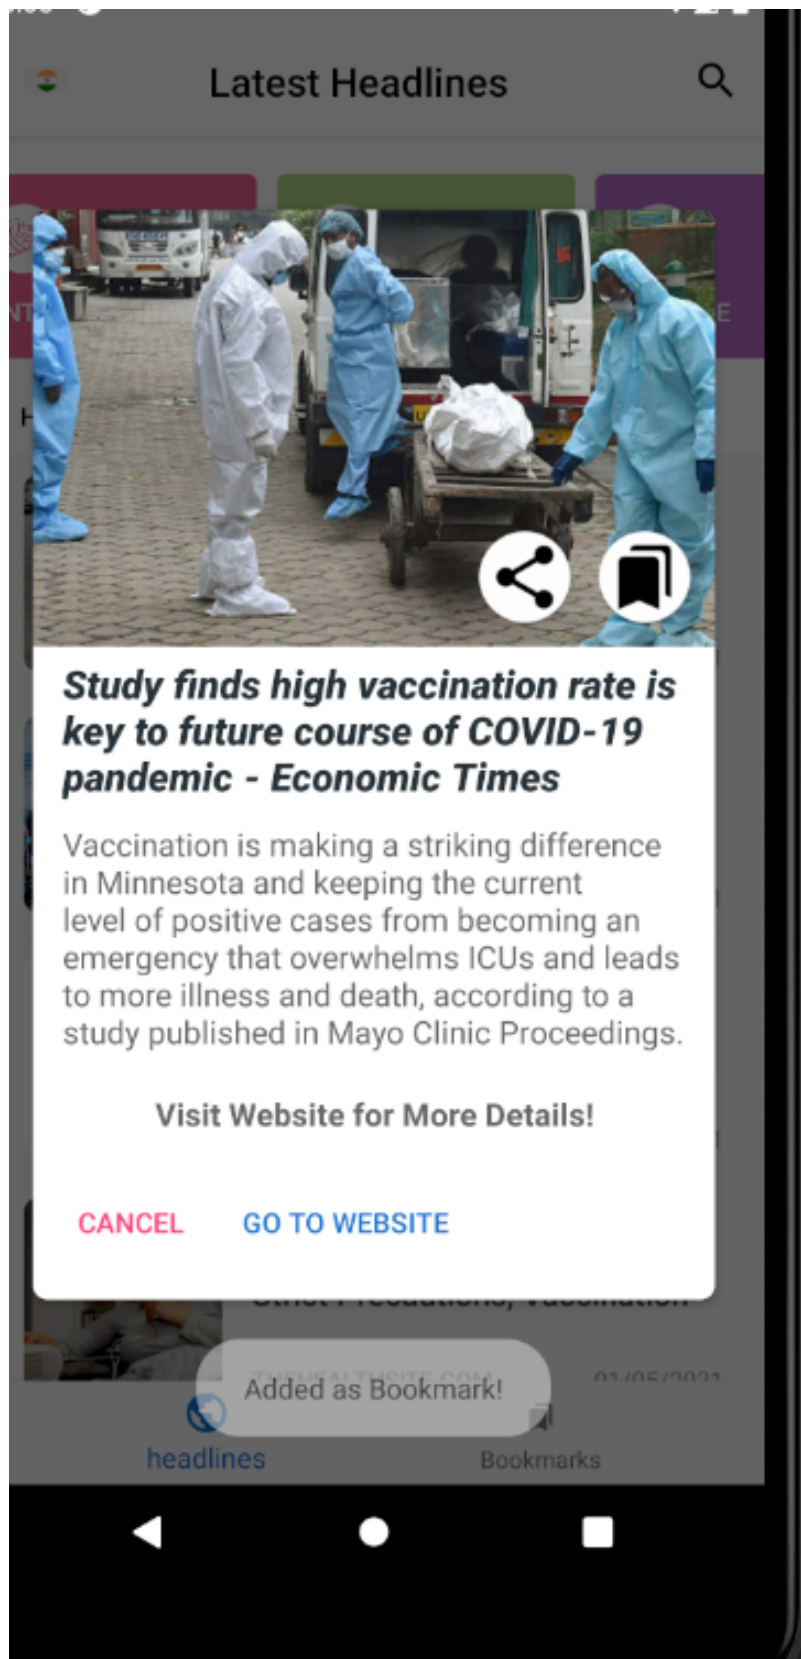

If I click on the first news, it opens up the dialog where I can find in details, plus there's an option to share and keep it as a bookmark.

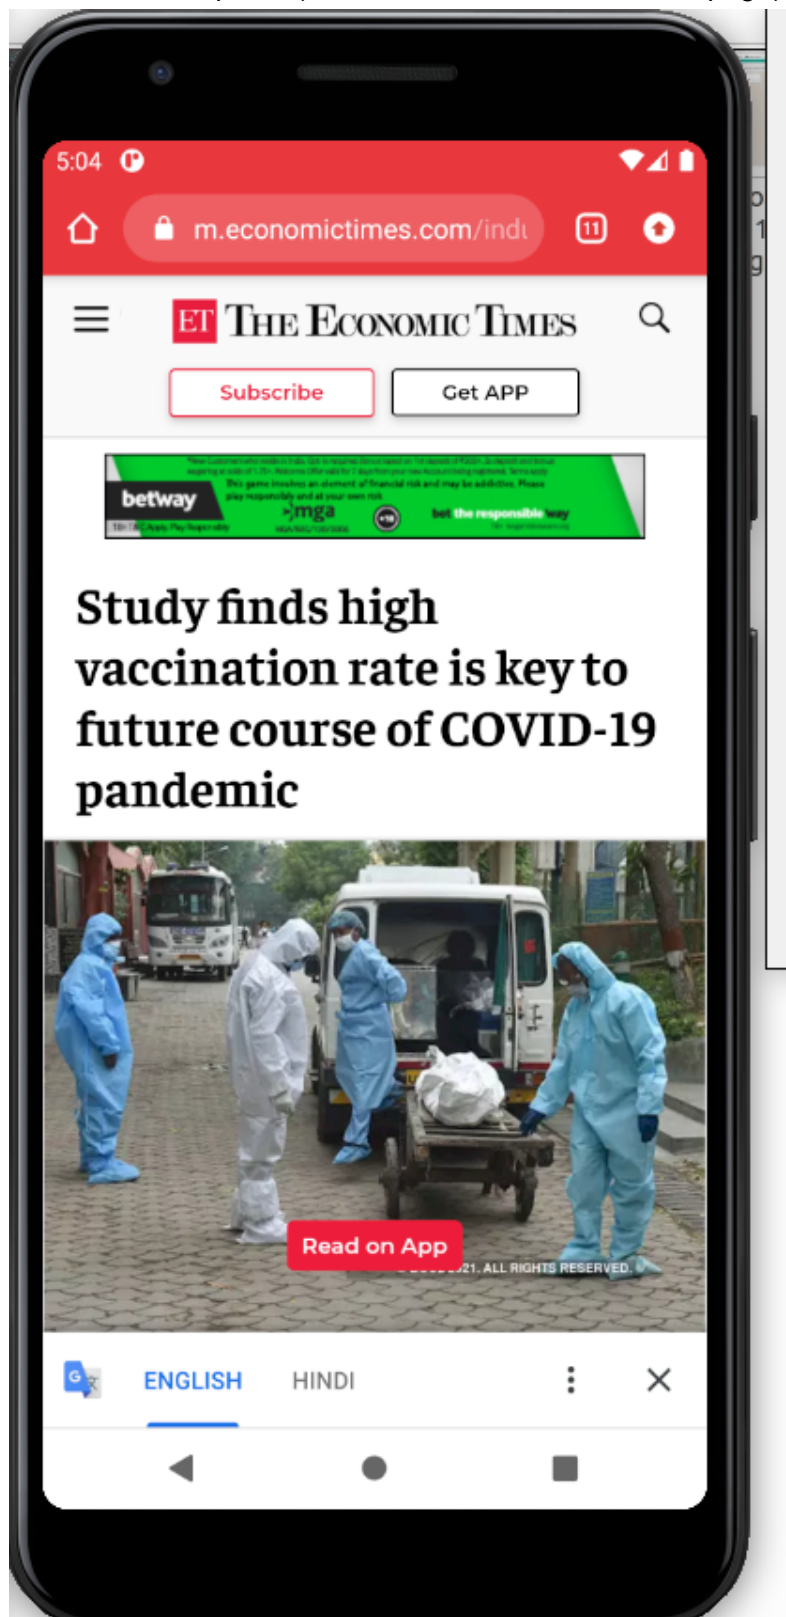

Clicking on the share icon

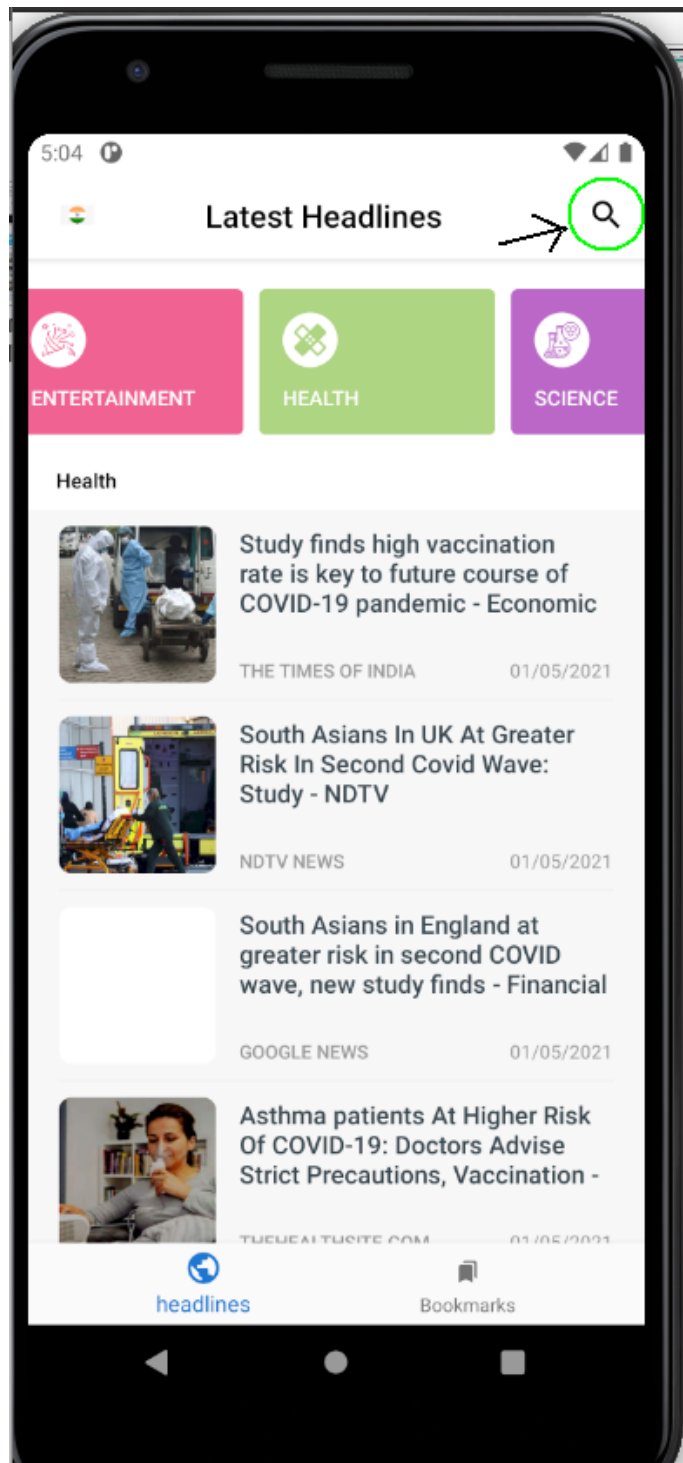

Clicking on Bookmark Icon

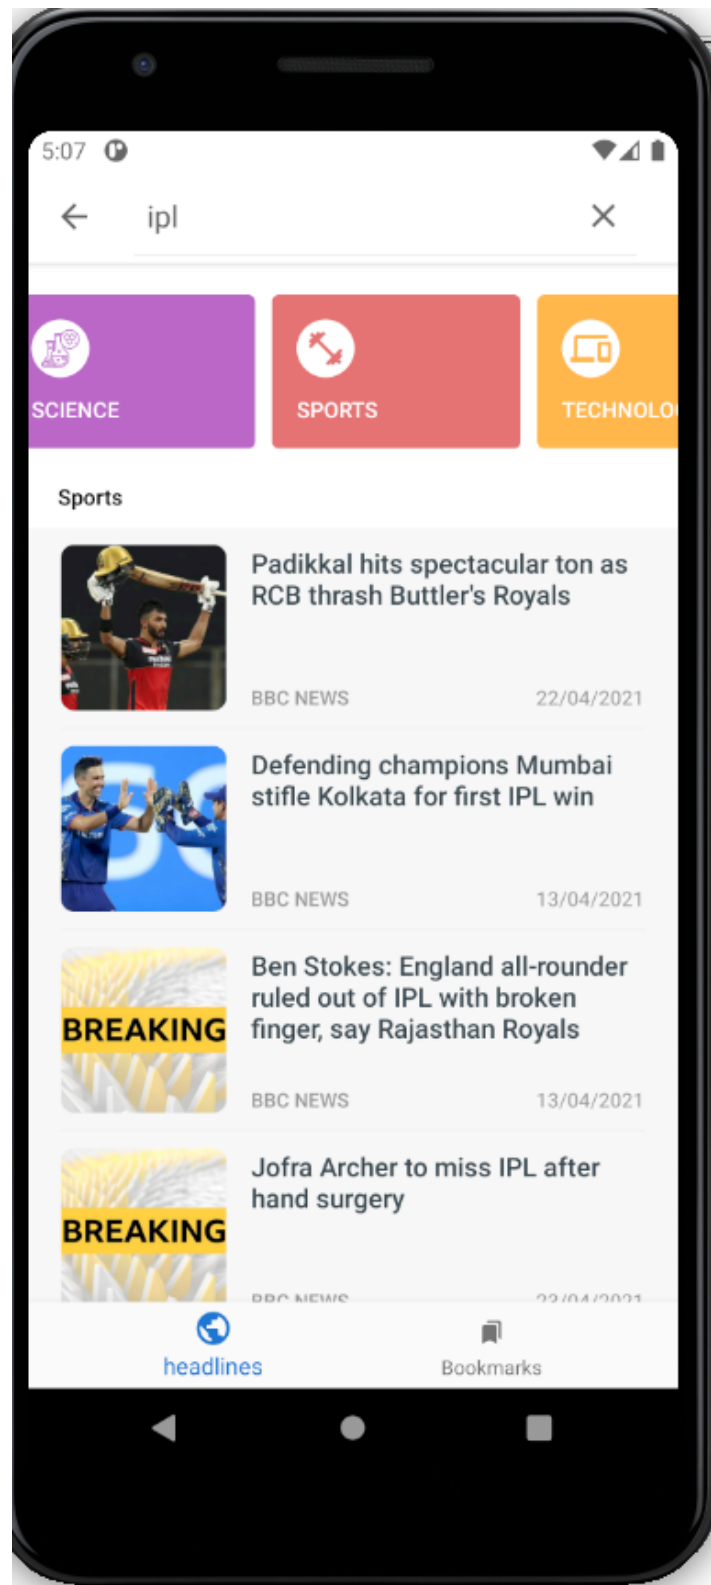

Clicking on the “Go To Website” option: (Will be redirected to the article page)

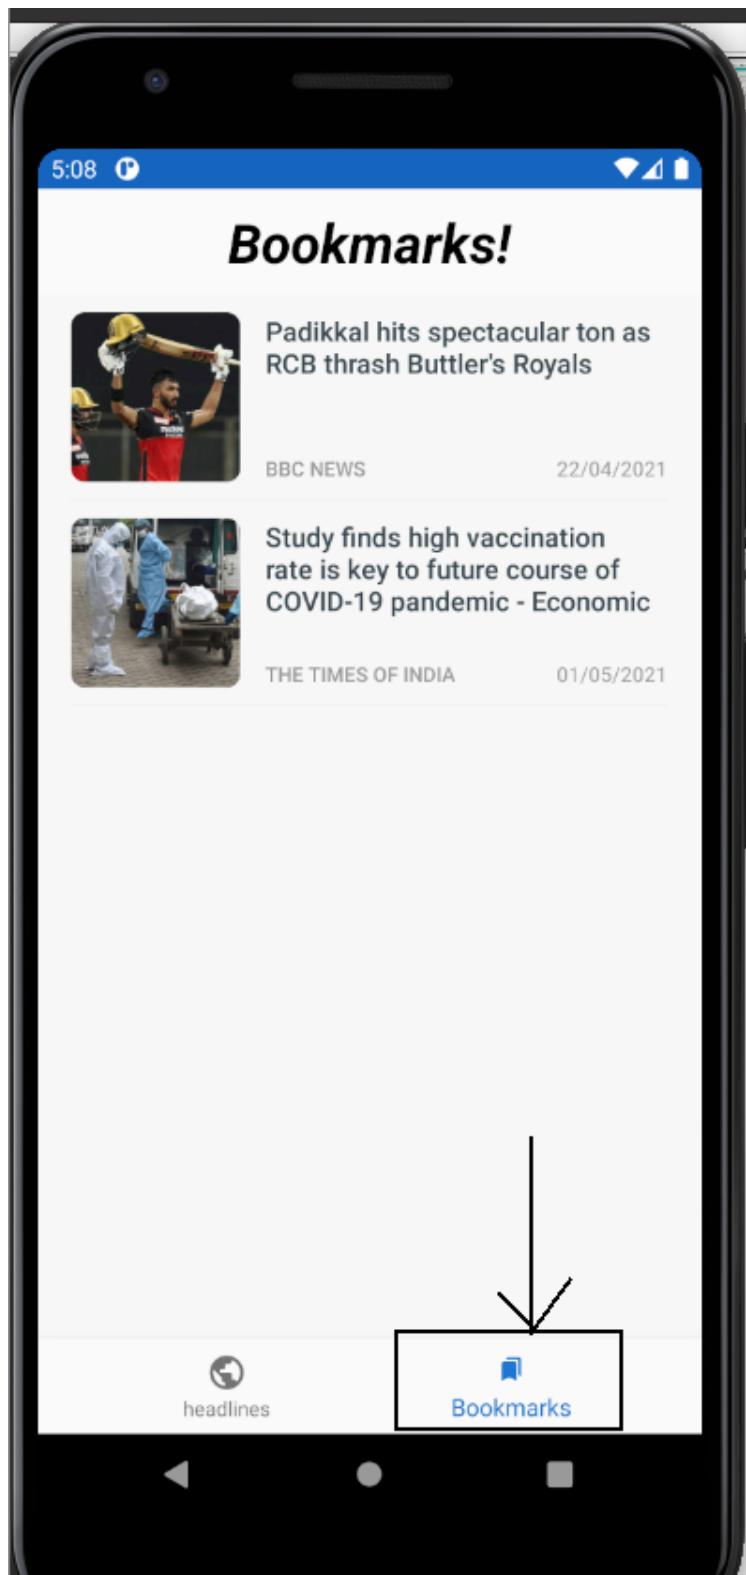

The search feature is also available: (On top right corner)

If I search IPL, it'll give articles relevant to IPL. (I'll add the first article as a bookmark)

Clicking on the Bookmark on the bottom right corner: (Added bookmarked articles can be seen here)

There's an option to remove an item from the bookmark:
